Introducing Unanet A/E 2020, powered by  
Clearview, and our mobile-friendly web  
application

## Introducing Unanet A/E 2020, powered by Clearview

Providing the real-time insight, efficiency, and accuracy to drive business forward.

For architecture and engineering firms, time entry to billing is a critical process that must be efficient and intuitive. To maximize revenue and cash flow, many A/E firms are turning to integrated solutions that facilitate access and streamline the invoicing and payment processes.

### Accelerate your business with a mobile-friendly web application.

#### REDUCE ANNUAL REVENUE LOSS

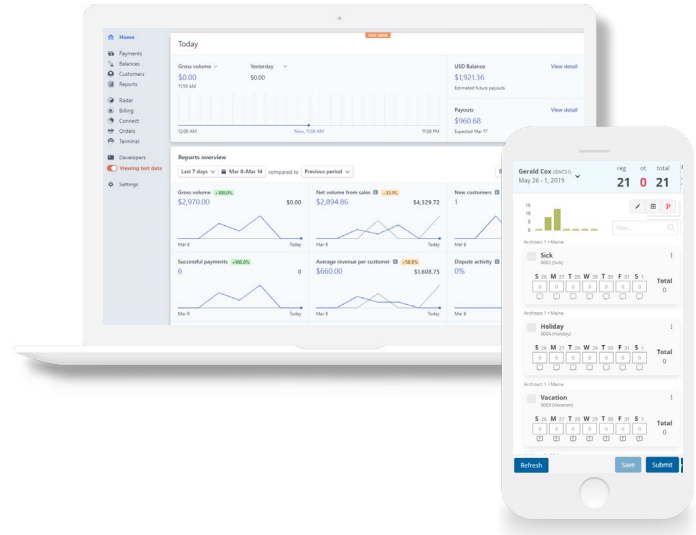

Make sure each billable charge is accounted for with on-the-go time and expense access. You can enter and approve from wherever you are, with added features such as geolocation to make it as effortless as possible.

#### DECREASE IMPLEMENTATION AND TRAINING TIME

Enjoy direct access to workflows and processes, with setup wizards for easy configuration of complex flows.

#### GAIN INSIGHT INTO IMPORTANT BUSINESS METRICS

Get quick and easy access to web-based dashboards with meaningful information on the fly, helping you manage your business with the utmost visibility and timeliness.

### Improve cash flow with enhanced invoice delivery and payment facilitation.

#### STREAMLINE INVOICE DELIVERY AND TRACKING

Save time and shorten your billing cycle with insight into invoice statuses from delivery to payment and automated due date reminders that let you focus your attention where it matters most.

#### COLLECT PAYMENTS QUICKLY AND EFFICIENTLY

Get paid faster by enabling secure, compliant invoice payments directly within the system, accounting for every transaction seamlessly and easing reconciliation efforts.

## Seamlessly improve sales efficiency, build stronger customer relationships, and reduce accounting errors.

### ENHANCED PROSPECT MANAGEMENT ON THE WEB

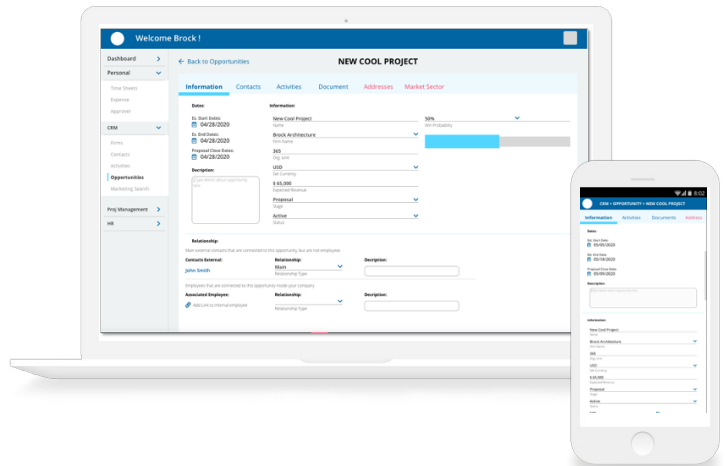

Easily track and nurture client relationships, manage business development efforts, and prioritize high-value opportunities in your pipeline with our web-accessible, mobile-friendly Prospect Management. Unanet A/E Prospect Management aligns your relationship and pipeline data with accounting and project data, providing a true project-based Prospect Management platform centered around customers, retention and pipeline growth.

### PAYROLL INTEGRATION WITH YOUR TRUSTED PAYROLL VENDOR

Run, automate, and manage payroll and employee information between Unanet A/E and your payroll provider, reducing HR costs and labor. This feature seamlessly transfers data bi-directionally so you can have improved confidence in your payroll information across the company.

### LINE ITEM WEB APPROVALS

Increase the accuracy of time and expense entries and readily catch errors prior to billing. This feature makes approvals intuitive and natural for managers with mobile access from any device, helping to reduce time spent on approvals, improve your bill review process, and shorten your time to cash.

Unanet is a leading provider of ERP solutions purpose-built for Government Contractors, A/E, and Professional Services. More than 2,000 project-driven organizations depend on Unanet to turn their information into actionable insights, drive better decision-making, and nurture business growth.
