

Chimerix, a leading biopharmaceutical company, is dedicated to discovering, developing, and commercializing medicines that improve outcomes for immunocompromised patients. Chimerix relies on smooth administrative tasks and real-time data to fulfill this mission.

Chimerix's 130 users needed a solution that would provide them with accurate time recording and reports. To achieve this, they integrated Unanet with their existing MS Dynamics GP system.

## CHIMERIX GAINS GREATER INSIGHTS INTO TIMESHEETS AND PROJECTS WITH UNANET PROJECT TIME

### CHALLENGES

- Previous system was not user-friendly, causing significant administration inefficiencies and delays
- Wanted greater visibility into their resources and projects
- Lacked insight into timesheet outliers or errors, which contributed to inaccurate timekeeping
- Needed a solution that could seamlessly integrate with MS Dynamics GP and accurately import data
- Required a solution that gave them the tools they need to meet compliance requirements

*"Our implementation was very smooth. We thought we may have trouble implementing our projects, but everything came together seamlessly. Unanet's support team is phenomenal!"*

**Greg Parker, Director Application Management, Chimerix, Inc.**

## CHIMERIX

Incorporated in 2000, Chimerix is a biopharmaceutical company dedicated to discovering, developing and commercializing medicines that improve outcomes for immunocompromised patients. Chimerix's proprietary lipid conjugate technology has produced brincidofovir (CMX001); CMX157, which was licensed to ContraVir Pharmaceuticals; and earlier-stage clinical candidates.

## Unanet

Over 2,000 professional services organizations trust Unanet's Cloud or On-Premise ERP platform to scale their businesses while drastically reducing G&A in a "Single Source of Truth". Professional services organizations include government contractors, technology, digital agencies, life sciences, and management consulting.

### THE UNANET SOLUTION

Chimerix adopted Unanet Project Time to integrate with their Microsoft Dynamics GP system.

They now have a single solution for projects, people, and financials with streamlined timekeeping.

The Unanet solution has helped Chimerix see an overall increase in administrative efficiency, timekeeping accuracy, and team member productivity.

After implementing, Chimerix experienced the following:

- Had insight into any timekeeping outliers through Unanet's extensive reporting capabilities, allowing team members to catch more errors in real-time
- Significantly reduced time spent on administrative tasks which has lightened workloads and freed staff up for more crucial projects
- Gained real-time insight through easy to use reports and dashboards resulting in significant gains in productivity
- Had insight into cross-functional efforts with role capabilities provided by the Unanet solution
- Was able to more easily meet compliance requirements
