

# VISIBILITY AND CONTROL WITH REAL-TIME DATA

## Unanet Analytics+ and Analytics Studio

### Unanet Analytics+: providing the clarity, control, and insight to drive business forward

Government Contractors face many challenges, from increasing competition and cybersecurity to compliance and audits. Having the ability to report, analyze, and visualize data for business drivers, including resource allocation, revenue, costs, cash flow, and timing is crucial to overcome these challenges.

### Unanet Analytics+ Game-Changing Features

#### VISIBILITY AND CONTROL

Gain real-time 360° views with easy data manipulation, compelling visualization, and complex reporting.

#### INTEGRATED EXPERIENCE

Incorporate Unanet Analytics as part of your seamless Unanet experience to remove manual, spreadsheet-based processes and reduce risk to your business.

#### PROACTIVE MANAGEMENT

Proactively monitor and analyze key performance indicators to spot exceptions and locate the root of problems faster.

#### CONSISTENT DATA ACCESS

Eliminate administrative burden managing data restrictions and permissions with visibility based on role access. Control who has access to your sensitive data without external systems.

# Unanet Analytics+ Reports

## OUT-OF-THE-BOX REPORTING

Access powerful report views embedded right in Unanet Analytics+, including Trending Balance Sheet, Pivoted Income Statement by Organization, Trending Indirect Rates, detailed Statements of Indirect Expenses, Statement of Cashflows, Accrual to Cash Conversion, and a Contract and Project P&L Report.

## SCHEDULING

Run and deliver reports automatically at specified times, such as weekly project status updates or quarterly earnings reports. You can schedule any report in PDF, Excel, CSV, or RTF formats to email to yourself or other members of your team to create operational efficiency.

## EXPRESS VIEW REPORTS & DATA OBJECTS

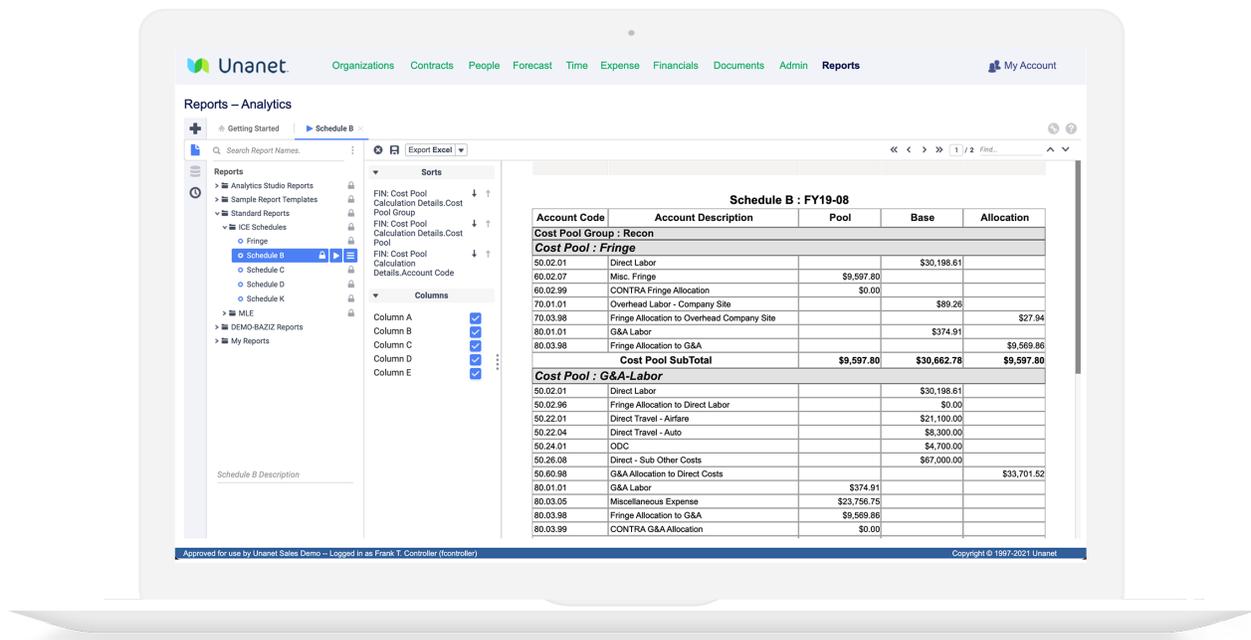

View your Unanet data in real-time and gain new data discovery capabilities with an easy-to-use interface.

## 1034 PIXEL PERFECT TEMPLATE

Readily extract all the data required for the 1034 invoice format and actually fill in the form, saving your team time and reducing the risk of costly data entry errors.

## AGGREGATED INCURRED COST SUBMISSION DATA

Streamline your annual indirect rate proposal to the government by extracting all the required data for the schedules in the correct DCAA ICE Model format.

## Analytics Studio: taking Analytics+ and your business to new heights

Analytics Studio is an add-on to Unanet Analytics+ that offers a deeper level of analysis and drill-down capabilities, allowing you to interact dynamically with your data. Feature-rich, expert-level dashboards are embedded in Analytics Studio, and you can customize these reports to meet your unique business needs.

### Unanet Analytics Studio Reports & Features

#### ADVANCED REPORTS

Create complex tabular reports with a specific output format in Analytics Studio's powerful report designer tool.

#### CROSSTAB REPORTS

Dynamically generate multiple columns in pivot table reports for additional customization.

#### CUSTOM DASHBOARDS

Group your most used and most relevant reports into dashboards to place all the insights you need at your fingertips.

#### PIXEL PERFECT REPORTS

Upload a report template in Excel, Word, or PDF, and sit back while Analytics fills in the blanks for you.

#### PRE-CONFIGURED DASHBOARDS

Keep your finger on the financial pulse of your organization in real-time using a pre-built CXO dashboard that brings together the financial metrics your stakeholders care about most. Then customize it as conditions and your strategic goals change.

### Where Information Means Insight
